The qualifications of petitioners entitled to ask for the formation of a rural fire protection district are set out in Section 2 of the act relating to such districts: "When it shall appear to the satisfaction of the county court or board of county commissioners of any county that 25 per cent or more or 200 or more, whichever is the less, of the record owners of real property and of the holders of duly recorded contracts of purchase of real property within the district, shall have presented a petition to the county court or board of county commissioners of such county setting forth the boundaries of said proposed district; and asking that the district so described be formed into a rural fire protection district under the provisions of this act, the said county court or board of county commissioners shall make an order declaring their intention to hold a hearing on said petition to form or organize said territory into a rural fire protection district, naming said district and describing its boundaries ***."

The boundaries of the proposed district should be so clearly set out in the petition that there be left no doubt as to the exact territory included, and this can best be done by describing the exterior lines of the district. As each district will have its own peculiar shape no set rule can be made for the description thereof; however, as a general rule it is safe to start at some point on the exterior boundary of the district and follow around the exterior lines of the district until the beginning point is again reached.

Should circumstances exist that prevent these items from being filed by July 15, AN EXTENSION OF TIME MUST BE REQUESTED FROM THE COUNTY ASSESSOR.

The Notice of Property Tax Levy, a true and complete copy of the adopted budget document, the resolution or ordinance adopting and appropriating the budget, Form LB-60 (Levy Computation Worksheet), sample ballots of any levy elections approved for the ensuing fiscal year, and either a newspaper clipping; or, if posted or mailed, a copy of the financial summary (from Publication Packet) are to be distributed as follows:

(2) Two copies to the assessor of each county in which the district is located.
(3) One copy to the county treasurer if the district's bonded indebtedness is paid by that office. School districts are also required to send one copy to the ESD Superintendent, and one copy to the Oregon Department of Education, School Finance Section, Salem, OR 97310.

SPECIFIC INSTRUCTIONS:

PART I—Enter the date, name of governing body, name of municipal corporation, and county in the appropriate spaces.

Line 1—Enter the portion of the tax levy that is within your tax base as computed in Part II.

Line 2—Enter the total of those special levies for operating purposes (one year, serial, millage, or fixed) that were approved by the voters within the limitation determined on Form LB-60, line 17, and minus the tax based on line 1 of this form (and scheduled above under Special Levies).

Line 3—Enter the total of tax levies approved by the voters in excess of the amount shown on Form LB-60, Line 17, minus Line 4 on this form (and scheduled above under Special Levies).

Line 4—Enter the portion of that tax levy necessary for the payment of bonded indebtedness.

Line 5—The total tax levy must be equal to or less than the amount published in the newspaper. If the total tax levy is greater than that amount published, the municipal corporation must republish the entire budget summary with revisions and hold another public hearing.

PART II—Enter the municipal corporation's voted tax base, if any, in the space provided.

Enter the tax base portion of the preceding three levies in the boxes provided and indicate the year of the levy.

Line 7(a & b)—Multiply the largest of the three levies by 1.06 and enter the amount.

Line 8—If the municipal corporation has annexed adjoining property during the last fiscal year ending June 30, enter the date of annexation and the true cash value of the annexed property during the last fiscal year. If more than one annexation, please attach an additional schedule listing separately the date of annexation and true cash value of the annexed property during the last fiscal year.

Line 9—Enter last year's tax base rate per $1,000 of assessed value for the annexing entity.

Line 10(a & b)—Multiply the amount entered on line 8 by line 9. Multiply the answer by 1.06 to determine the annexation increase to the tax base.

For those districts that are subject to statutory limitations such as hospital districts, road districts, vector control districts, etc., complete items 12 and 13 by inserting the dollar amount the district can levy within and outside those statutory limitations. The percentage limitation imposed by the statute and the assessed valuation of the taxing unit from the most recent taxroll are used to compute this limitation.

PART IV—Enter all special levies on the schedule. Do NOT enter levies for bonded indebtedness or tax base levies.

A treasurer of a candidate's committee who **expects** neither the aggregate contributions to be received nor the aggregate expenditures to be made by or on behalf of the candidate's committee to exceed $500 in total amount for this election, may file a certificate (Form SED 227) to that effect. Candidates may file the certificate on the same date that they file a declaration of candidacy or nominating petition, accept a nomination or are nominated to fill a vacancy in nomination or in a partisan elective office, or by the deadline for filing a first pre-election report.

If at any time during the campaign for this election either the total contributions or total expenditures exceed $500, the candidate's committee treasurer shall file a contributions and expenditures statement when a statement for the reporting period in which the contributions or expenditures exceeded $500 is due. The filed statement shall reflect all contributions received and expenditures made by or on behalf of the candidate's committee to that date, beginning with the start of the first reporting period.

Deadline dates for filing statements of contributions and expenditures and certificates **must be** strictly observed. It is the responsibility of the filing officer to determine that all statements or certificates are received in a timely manner. ORS 260.232 provides that the Secretary of State may impose a civil penalty against a person filing a late contributions and expenditures statement or certificate.
